

Arrangement with Fresh Foliage Only

This arrangement must have nothing but fresh foliage. No dried material, flowers, bracts, seeds or berries will be permitted. Some judges are happy with flowering grasses but some are not.

A wide range of textures and colours are found, using herbaceous, shrub, tree, grasses and succulents.

Materials must be fresh and unblemished.

This arrangement has nice shape and texture variety, but the berries would result in disqualification. →

← Again the texture is good but the berries and seed heads would require to be replaced by leaf.

This arrangement uses fern and broad leaf well but the yellow bracts would require to be replaced with leaves. →
